

Craft Consulting is a Cape Town based Civil & Structural Engineering firm.

We offer a personalised, innovative, and practical approach to our clients and strive to provide valuable input on our projects.

Our focus is on residential, commercial & industrial type structures of any complexity and have worked closely with some of the best architects and professional teams in the field.

We are enthusiastic, well experienced engineers with a can-do attitude. We pride ourselves in our quality of information and ensure our projects are carried out to this standard.

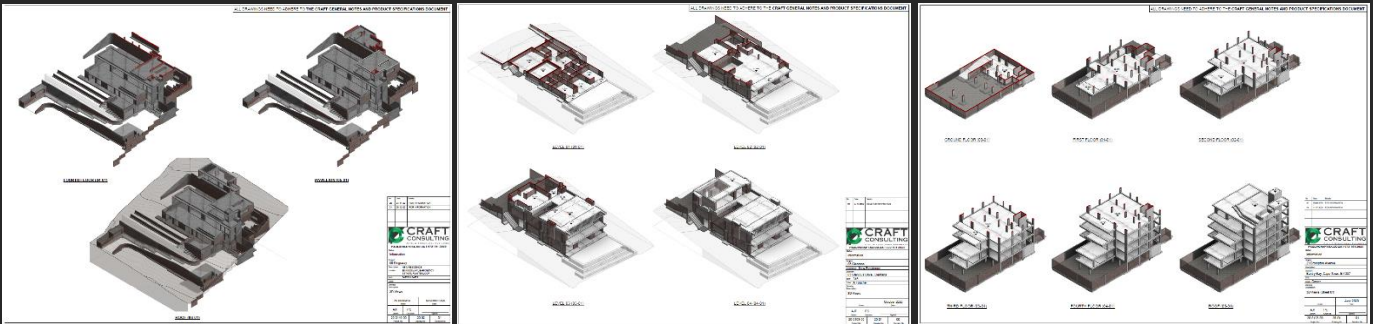

IMAGES DISPLAYED ABOVE ARE NOT PROJECTS COMPLETED BY CRAFT CONSULTING BUT ARE PROJECT EXPERIENCE OBTAINED BY THE CRAFT TEAM. RENDERS ARE BY THE RELEVANT ARCHITECT.
